Notice of Rule Adoption

Date: January 17, 2024

RE: Adopted Proposed Architectural Design Guidelines Changes and Architectural Application

Dear Calder Ranch Homeowners:

At a duly noticed meeting of the Association's Board of Directors held on Wednesday, January 17, 2024 the Board at this time reviewed any comments received, if any in connection with the proposed Architectural Design Guidelines and Architectural Application.

There were no membership comments for the Board to take into consideration on the proposed Architectural Design Guidelines Changes and Architectural Application, therefore, the Board voted to adopt the Proposed Architectural Design Guidelines Changes and Architectural Application. You may find a complete copy on the association website at www.mycalderranch.com of the newly adopted Architectural Design Guidelines and Architectural Application.

Sincerely,

Board of Directors

Calder Ranch Community Association
